

Strawberry grower tour

Touchwood Nursery & The Seedling Factory

Join in this field tour to network, learn and share ideas with other growers; see innovative production systems; and visit a WA plug plant producer propagating plants (including Red Rhapsody) for the local industry.

WHEN	Tuesday 13 June 11am to 3pm
PROGRAM	11am @ Touchwood Nursery 35 Born Road, CASUARINA 1pm @ The Seedling Factory 553 Gossage Road, OLDBURY (lunch and toilets provided)
BIOSECURITY	To prevent the spread of pests and diseases, please wear clean clothes and footwear.
WHO SHOULD ATTEND	Strawberry growers and interested service providers
REGISTRATION	RSVP numbers and dietary requirements by Friday 10 Jun Send a text message to Helen Newman 0428 335 724

This event is proudly delivered through the Hort Innovation funded Berries Australia industry development and communications project.

Ben Archibald @ Touchwood Nursery grows plants for the nursery and blueberry industries using a Cravo greenhouse like the one used at Australian Strawberry Distributors (ASD) in Victoria. We'll have a look at how the Cravo works (including the Priva system), how much it costs to install and maintain and how iron is removed from the water.

Ben Funnekotter @ The Seedling Factory has started growing Australian Strawberry Breeding Program (ASBP) variety plug plants for the WA industry. He is also interested in growing strawberries from seed. We'll look at his system, share ideas, and hear about his plans.

Road trip map

This is a broad view so you can get your bearings. Address details for each site are on page 1 of this flyer.
