WA POME FRUIT INDUSTRY STRATEGIC PLAN 2021-2025

VISION

A profitable and sustainable Western Australian pome fruit industry meeting market requirements and consistently satisfying customers with high quality fruit.

MISSION

Plan.

Working in partnership with stakeholders to provide industry leadership, strategic direction and innovative solutions to support a profitable and sustainable Western Australian pome fruit industry.

OBJECTIVES

- Improve WA apple productivity and profitability to 55t/ha yield, 75% Class 1 packout and \$75 spend/household/year. (CURRENTLY 48t/ha / 69% / \$68)
- 2 Build the strategy to export 15% of WA's annual apple production.

(CURRENTLY 100t, 15% OF WA PRODUCTION OF 35,000t = 5,000t)

3 Lift WA pear productivity and profitability to 4,750 tonnes and consumption to \$20 spend/household/year. (CURRENTLY 3,800t / \$18)

STRATEGIES									
	1. PRODUCTIVITY AND PROFITABILITY		2. MARKET DEVELOPMENT		3. SUPPLY CHAIN IMPROVEMENT		4. INDUSTRY LEADERSHIP		
	Improve capability and capacity to build your profitable 'Future Orchard'.	c	Drive domestic consumption and develop export opportunities for future WA industry security.		Identify and manage WA supply chain inefficiencies.		Provide industry leadership with unity and purpose, and attract funding to deliver the plan.		
TACTICS									
1	Support capacity and capability building initiatives and benchmarking for improved decision making to drive	1	Work with APAL to create an Apple and Pear Strategy for WA domestic market to add value for growers.	1	Work with stakeholders across the WA supply chain to ensure consumers consistently receive quality fruit.	2	provide proactive leadership to improve WA industry cohesion and manage Pomewest with		
	productivity and profitability, and manage risk (climate, soil, varieties, water, technology, marketing). Develop a WA Pome Fruit Industry R&D Plan to maximise orchard productivity and lower the costs of production.	2	Work with APAL, DPIRD and Fruitwest to create an Apple and Pear Strategy for export markets to add value for growers.	c fi tu ir n 3 E	fruit handling, from harvest to storage and retailing including transport and retail management and display. Establish a working group with growers, agents and retailers to		sound governance. Cultivate more productive relationships with APAL and HIA - Apple and Pear Hort Fund to achieve greater		
			Invest in better understanding consumer preferences and knowledge of WA fruit.				support for WA project investment. Manage the Pomewest		
3	Improve labour planning, monitoring of efficiencies, OH&S and management.	4	Develop a clearer brand proposition for WA's apple and pear varieties.	4	address WA supply chain issues and inefficiencies. Determine the effect of quality on profitability, price, visibility		communication strategy to maintain the industry database, deliver timely and effective communications and organise state workshops or conferences to improve grower and supply chain knowledge. Raise awareness of industry issues and provide an industry perspective on WA pome fruit industry issues with industry data and information.		
4	Promote commercially available and cost effective new technologies to drive productivity improvements		Encourage grower participation in quality assurance, food safety and traceability programs.	i	and trust from the retailer's perspective. Promote data sharing to drive				
	including crop protection, remote sensing, robotics.		Re-engage with the DPIRD Apple Breeding Program for a shared pathway for future						
5	Promote improved orchard and marketing data management and analysis to enable timely and accurate			6					
	decision making.								
6	Manage increasingly complex biosecurity issues with investment in the WA Pome Fruit Biosecurity Strategic						Aa Knowladza®
